1. <input type="text"/> ADC/OTE				<p>John,</p> <p>Review of the <u>Introduction to ADP course</u> was completed in 3rd quarter. The topic should be on the agenda for the Curriculum Committee meeting next week (16 October). Attached is some background material for the committee members. The bottom line is that we would like approval from the Committee to offer the course in a self-study rather than classroom mode starting immediately. The videotapes are already in the Learning Center. A CBT version should be ready by 1 January 1986. The material is available commercially, and we are in the process of ordering it now. The two PC's to deliver the CBT should also be in by 1 January 1986.</p> <div style="border: 1px solid black; width: 100%; height: 100px; margin-top: 10px;"></div>	STAT

MEMORANDUM FOR:  Assistant Director of Training for Curriculum  
FROM:  STAT  
Chief, ISTD  
SUBJECT: Introduction to ADP Course

STAT

1. A review of basic automated data processing information available in a self-study mode was undertaken in August, 1985. The purpose of this review was to identify ways that the Introduction to ADP (IADP) course could be obtained outside the classroom. Our premise was that if there is appropriate IADP self-study material available, then traditional classroom instruction is not an essential offering.

2. The review identified videotapes available in the Learning Center at Headquarters as well as CBT materials which could be purchased from commercial vendors when PC's are installed in the Learning Center. Classroom courses sponsored by OPM and USDA were also noted.

3. Since we found the quality, variety, and accessibility of the self-study materials to be quite adequate, we decided to withdraw the IADP course from the FY86 classroom schedule.

4. In so doing, we are sending each of the applicants in the queue a copy of the TSD Notes to Training Officers, (please see Attachment 1), which references IADP materials in the Learning Center. It should be noted that as of 29 August 1985, the IADP queue consisted of 33 applicants from OIT, 24 from IMS, Logistics, and Finance, and 7 from OTS, OCR, and OP.

5. A more complete list of ways to obtain basic ADP information is presented in Attachment 2.

SUBJECT: Introduction to ADP Course

6. Also, for those employees who are interested, but unfamiliar with Agency systems, ISTD and OIT have discussed collaborating on a one to two hour briefing which could be offered twice a year.

7. In sum, it seems that the opportunities outside an ISTD classroom for acquiring introductory ADP information are sufficient to meet the needs of virtually all of our potential consumers in the immediate future.

Information About IADP Course to be Included in  
TSD "Notes to Training Officers"

The Introduction to ADP course will not be part of the  
FY86 classroom schedule.

Basic information about automated data processing may be obtained in the Headquarters Self-Study Center, GF-39. Video Material from DELTAK includes a series entitled "Understanding Data Processing." This 6-part series covers Information Processing, The Computer System, Information Systems, Data Base and Distributed Systems, Data Communications and On-Line Systems, and The Data Processing Interface. The DELTAK Journal includes topics on Human Dimension of Automation, Problems and Challenges for the Office, Environment Design in the Automated Office, and Manager in the Automated Office. Also available in the Self Study-Center is a book by Shelly & Cashman entitled Introduction to Computer and Data Processing.
